# Tailored Packages

We know everyone's training needs are unique, especially for those delivering top-quality care. Our courses, created by experts and aligned with current standards, help you meet regulations confidently and efficiently. With 190 early years courses (as of May 2026)—including mandatory, specialist, and wellbeing programs—we support all your professional development needs.

Set up your free training account today with unlimited free access with no obligation. 12 months complimentary access to 33 mandatory & specialist courses.

## **PREPARATION & READINESS PACKAGE:**

For providers registering, offering support to meet regulations and prepare for safe service.

## **GROWING CARE TEAM PACKAGE:**

For providers expanding, supporting workforce growth and new placements or locations.

## **EARLY STAGE SUPPORT PACKAGE:**

For new providers building compliance, policies, and managing initial placements.

## **EXTENDED CARE TEAM PACKAGE:**

For providers in growth, offering flexible support for training and workforce needs.

## **CORE TEAM PACKAGE:**

For established providers with stable placements, focusing on compliance and staff development.

## **COMPLETE CARE PACKAGE:**

For growing providers, offering wide support for training, compliance, and workforce development..

# Welcome to The Early Years Training Hub

---

The [Early Years Training Hub](#) was developed by [Vocational Training Hub](#) to equip social workers, support staff, and managers with the knowledge, skills, and confidence to make a lasting difference in the lives of children, families, and adults.

Our specialist CPD-accredited training supports professionals across every area of social work, from newly qualified practitioners to experienced team leaders and independent social workers looking to strengthen their practice.

Each course provides practical insight and best-practice guidance to help you deliver compassionate, ethical, and effective support. Social work is about more than meeting statutory duties, it's about empowering people, protecting the vulnerable, and promoting positive change in communities.

Through your dedication to continuous learning, you help create stronger families, safer environments, and better outcomes for those who rely on social care support.

- ✓ Ofsted Approved Training
- ✓ CPD Accredited
- ✓ Local Authority Approved

↘ **Approved**

Our training is approved and supported by local authorities and professional organisations across the UK. This recognition reflects our commitment to delivering high-quality, compliant, and meaningful learning experiences that equip professionals to provide safe, informed, and compassionate care every day.

**Liverpool City Council**

**MANCHESTER CITY COUNCIL**

↘ **Accredited**

Established in 1996, the CPD Certification Service is the independent CPD accreditation body, working across sectors, disciplines, and professional learning. All Vocational Training Hub courses are accredited by the CPD Certification Service, meeting recognised Continuing Professional Development (CPD) standards.

↘ **Recognised**

We're proud to have been featured by BBC and Forbes, recognising the impact of our work in making high-quality, accessible training available to those working in care. It's an honour that reflects the dedication of our team and the difference our learners make every day.

↘ **Trusted**

We're trusted by local authorities and care professionals nationwide who rely on our training to guide best practice and build confidence. That trust means everything to us because behind every course is the shared goal of creating safer, stronger, more compassionate care.

# About The Early Years Training Hub

---

The Early Years Training Hub The Early Years Training Hub is part of Vocational Training Hub's specialist network, created especially for nursery practitioners, and early years educators who want practical, high-quality training that truly makes a difference.

Every child deserves to feel safe, supported, and inspired to learn, and our courses are designed to help practitioners provide just that. From understanding child development and safeguarding to promoting communication, wellbeing, and positive relationships, the training offers tools that can be used in everyday practice.

All our courses are written and reviewed by professionals with real experience in early education, childcare, and child development. So, whether you're new to the sector or have years of experience, you'll find learning that's relevant, relatable, and rooted in the realities of Early Years care and education.

# Our Core Values

---

## ↳ empathy

Early education begins with understanding. Our work is guided by compassion for the children and families we support, recognising the emotional and developmental needs behind every milestone and every story.

## ↳ inclusivity

Every child deserves a safe and supportive environment. We celebrate diversity across Early Years settings, creating opportunities for practitioners of all backgrounds to thrive, and for every child to feel valued and included.

## ↳ respect

Every child, parent, and practitioner deserves to be listened to and respected. We promote a culture of mutual respect, recognising that each child's learning journey is unique and every voice matters.

## ↳ collaboration

We champion teamwork and shared learning that strengthen relationships, build confidence, and enhance outcomes across nurseries, preschools, and childminding settings.

## ↳ Empathy

We act with honesty, transparency, and professionalism in everything we do. Early Years providers trust that our training reflects a genuine commitment to safeguarding, quality education, and lifelong positive outcomes for children.

# Training for Every Stage of Early Years

» Training that grows with you, from entry-level roles to management.

Early Years education never stands still, and neither should training.

Our learning pathways grow with you, from starting out in childcare to progressing into leadership roles. Whether you want to deepen your understanding of child development, strengthen safeguarding and communication, or build confidence in behaviour management, our courses meet you where you are.

Each pathway is flexible, CPD-accredited, and aligned with national Early Years standards, helping you stay confident, compliant, and supported.

# The Power of Learning in Early Years

Early education is so much more than teaching letters and numbers; it's about offering stability, understanding, and care to every child during the most important years of their development. But it also comes with emotional, behavioural, and practical challenges that require both heart and skill.

Children in Early Years settings come with their own experiences, emotions, and needs. The right training helps practitioners recognise these signs, respond with empathy, and create consistent, nurturing environments that support confidence, wellbeing, and growth. Ongoing professional development also strengthens practitioners themselves, reducing burnout, building confidence, and enhancing the quality of care and education.

At [Early Years Training Hub](#), we believe that when professionals are equipped, supported, and empowered, they're able to make the lasting difference that transforms children's lives and strengthens families for the future.

# Expertise You Can Trust

Training shaped by professionals who understand the realities of early years.

Our training is developed by leading professionals across early education, childcare, and child development, people who understand the unique challenges practitioners face every day.

Each course combines lived experience, research, and best practice, ensuring every topic is accurate, relevant, and meaningful. We work in partnership with Local Authorities, nurseries, and regulatory bodies to maintain compliance and quality across every module.

The result is training that's not only trusted nationwide but genuinely shaped by the people who live and lead within the Early Years sector.

# Strengthening Adult Care Teams

Early Years education works best when everyone involved feels supported, aligned, and confident in their role.

Our platform connects nurseries, preschools, and childminders through a single, seamless training system, making it simple to assign courses, track progress, and evidence compliance. From mandatory to specialist topics, every course promotes consistency and shared understanding across teams.

By turning professional development into a collaborative process, we help settings build trust, maintain quality, and create a culture where learning is continuous and practice always improves.

With The [Early Years Training Hub](#), managing training becomes effortless, and the results are reflected in better teamwork and stronger outcomes for the people you support.

# Trauma-Informed and Therapeutic Practice

Turning understanding into action, and care into transformation.

Every child's story is unique, and effective Early Years practice begins with understanding it. Our courses are built around child-centred and developmental practice, helping practitioners interpret behaviour through empathy rather than frustration.

We translate theory into practical steps that strengthen emotional regulation, communication, and positive relationships in everyday situations.

With clear guidance, reflective learning, and real-life scenarios, practitioners gain the tools to respond calmly, nurture confidence, and support every child's wellbeing and development.

Each course is CPD-accredited, research-led, and designed to enhance both confidence and compassion, because when practitioners are equipped with understanding, children are given the best chance to learn, connect, and thrive.

# Early Years Well-Being

» Supporting the emotional health of carers and children alike.

Working in Early Years is incredibly rewarding, but it also comes with unique emotional and practical pressures. Well-being, mental health, and life skills are vital to helping both practitioners and children feel balanced, supported, and able to flourish.

At The Early Years Training Hub, we provide access to a full range of well-being resources designed to strengthen resilience, build confidence, and promote positive relationships across every setting.

Access over 200 well-being and life skills courses, completely free for practitioners and learners.

# Understanding the Pressures Early Years Practitioners Face

Supporting well-being, mental health, and life skills is vital to helping individuals flourish in every aspect of life.

1. Emotional Stress & Burnout

2. Managing Challenging Behaviour

3. Workload & Time Pressures

4. Lack of Support or Isolation

5. Compassion Fatigue

6. Work-Life Balance

# The Difference Our Training Makes

Proven results, real change, and better futures for children in care.

Across the UK, Early Years professionals choose The Early Years Training Hub because our approach delivers measurable improvement, not just compliance.

Practitioners report greater confidence, stronger relationships, and more consistent quality of care. Settings benefit from higher retention, reduced stress, and teams that feel genuinely supported. Every course combines expert knowledge, lived experience, and evidence-based practice to deliver lasting results.

From safeguarding and child development to communication, behaviour management, and well-being, our training transforms everyday challenges into opportunities for growth. When you invest in our courses, you're not just meeting standards, you're shaping confident teams and brighter futures for every child in your care.

# All Your Training. One Seamless Platform.

The screenshot shows the website's navigation bar with links for Sectors, Training, For You, Community, Hub, and About Us. It also includes Log In, Sign Up, and Book a Demo buttons. The main content area features a large heading: "Training for early years educators and childcare professionals". Below this is a sub-heading: "CPD-accredited training for early years educators – focused on child development, safeguarding, and quality provision." and a "Browse Courses" button. To the right are three images showing educators and children in a classroom setting. Below the main heading are four statistics: "225K+ Employees", "400+ Free courses", "9K+ Settings", and "4.5 Million+ Parents". To the right of these statistics is a "Featured by:" section with logos for BBC and Forbes. At the bottom of the screenshot, there is a blurred image of a person and the text "Training that makes a real impact in".

# What Our Clients Say

"As a nursery manager, I need training that's practical and easy to embed straight into our daily routines. This suite of courses is exactly that, it's helped our team stay consistent with requirements, and strengthened how we support each child's development."

Every module felt relevant and inspiring. It reminded me why I chose to work in Early Years."

"The course gave me simple, practical tools I could use right away, from managing transitions to supporting emotional regulation. It's completely changed how I approach tricky moments in the classroom."

"I'd recommend this training to any practitioner who wants to feel more confident supporting children's emotions and behaviour. The tutors explain everything clearly, the examples are realistic, and the downloadable handbook is perfect for quick reference during the day."
